BGU's <a href="#">Accommodation team</a> contact Erasmus students directly ahead of their mobility programme to make accommodation arrangements.

## **About BGU**

Bishop Grosseteste University (BGU) has been educating students in the historic heart of the City of [Lincoln](#) for over 160 years, located on a beautifully green and pleasant [campus](#) just a few minutes' walk from Lincoln Cathedral, Castle and the old Roman city. We're set on a single-site campus, so just about everything you need is close by.

We began life in 1862 as an Anglican teacher training college for women. In 2012 we achieved full university status. In recent years we've undergone an explosion of growth in many areas, remaining a small and friendly university whilst expanding and developing our portfolio of courses into more exciting new areas than ever before. We still consider ourselves experts in education but our teaching courses now sit alongside an exciting range of other disciplines. We currently educate over 2,000 students in a wide range of subjects – within our expanding undergraduate portfolio, our traditional PGCE teacher training routes, work-based Foundation Degrees, Masters courses and even Doctoral study (and much more in between). We pride ourselves on being a supportive community, always striving to improve the lives of our students.

We're exceptionally proud of the fact that, over the past 160 years, our commitment to first-class education has remained consistent. Our students are some of the happiest in the UK, which is incredibly important to us. We really care about our students and aim to support them all of the way through their studies, from application to graduation.
